Bridge Camera Investigation

Step 1

What is a bridge camera?

Type into google 'what is a bridge camera'

Title you page'Bridge Camera' and write a few lines on what it is.

Get an image of a bridge camera on your page.

Step 2

Pick your bridge camera

Go to argos and have a look a bridge cameras

Add in a subtitle title of what Bridge camera your researching.

Step 3

Good things

What is good about a bridge camera?

Can you do more with a bridge than a compact? Does it have a better zoom? Do they have viewfinders? how much do they range in price? Can you get good value for money? can you take better photos? What other points can you add?

Step 4

Cons

What is not so good about it?

is it expensive for what you get?

If you were spending this amount of money would you buy a DSLR?

Can you change the lens?

Step 5

What photography you do with it?

What type of pictures could you take with this camera?

 Would you still use this for snaps shots?
 Could you use it for more proferssional photos?
 Is it quite versatile?
 There fore do you need to add this as another feature/pro.

What types of photographic scanarios would you use it for:
Wedding photography?
Portraits?

Wildlife? action shots? landscape?
